

# **PUBLIC NOTICE**

**15.04.2009**

Recognition was granted to some of the institutions in rented premises as per NCTE Regulation 2002 with the condition that they will shift in its own premises with in three years with the permission of NCTE. Permission in rented premises was granted to the institutions who applied before 13.01.2006 i.e. before publication of Regulation 2005.

It has been noticed that some of the institutions have not shifted in its own premises from the rented premises even after the expiry of three years mandatory period. All such institutions will not be considered as recognized from the academic session 2009.2010. Concerned State Governments and Universities are requested to ensure that the students are not to be allotted to such institutions where the mandatory period of three years has expired. Shifting in its own premises will be valid only if the permission is granted by the NCTE following proper procedure.

The institutions where three years are yet to be completed are directed to shift in its own premises following the prescribed procedure with the permission of NCTE only, failing which their recognition will not be valid after expiry of the three years.

This is for the information and necessary action by all concerned bodies.
